Dear Oprah,

We saw the little girl give you a knitted scarf last week! Now, there's nothing wrong with knitting, but crochet is definitely our favorite! We would really prefer to teach you how to crochet your own scarf and then we will auction it off to our guild members and donate the proceeds to your Angel Network. Check us out at:

Crochet is In! A walk through any mall in America will tell you that. It is like a crochet cornucopia: from delicate and lacy to chunky and warm, crochet is the hottest fashion trend this season! In their windows and on their shelves, the following are just some of the stores that show the versatility of crochet and that there is something for everyone: J. Jill, Anthropologie, Pac Sun, Wet Seal, H & M, Delia's and Banana Republic. At Wal-Mart as well, Mary Kate and Ashley's line of clothing features darling crocheted sweaters color-coordinated with their clothes.

Thanks a Hank,

Gwen Blakley Kinsler
